

Describe this video in detail.

The video shows a busy road at night, with heavy traffic. There are several cars on the road, all moving in the same direction. The traffic is dense, creating a slow-moving flow. The cars are positioned closely to each other, indicating a high level of congestion. The road appears to be wet, which may contribute to the reduced visibility and the need for cautious driving.

If this video is the first view of your driving, describe the current behavior of your car.

The car is driving forward slowly.

Explain why you're travelling at a low speed.

The car is travelling at low speed because there is slow-moving traffic ahead.
