

Describe this video in detail.

The video captures a snowy day on a narrow residential street. The road is covered with a layer of white snow, indicating that it has snowed recently. The street is lined with parked cars on both sides, creating a cozy and serene atmosphere. The car in the video is driving down the snow-covered road. The driver is navigating through the snowy conditions with caution, as the road appears to be slippery due to the accumulation of snow. The car's windshield wipers are on, likely to keep the windshield clear of snow and provide better visibility.

Identify the color of the car that passes next to you.

The car that is passing next to the car is white.

In the video, during the ego car's travelling, was there any traffic light present?

There is no traffic light in the car's path.
